22 – 25 October 2024 | Hanover, Germany

THE POWER OF PRODUCTIVITY

Visit the world's leading sheet metal working exhibition!

From 22 to 25 October 2024, the 27th International Sheet Metal Working Technology Exhibition, EuroBLECH, will open its doors again at the Hanover Exhibition Grounds in Germany.

It is the world's largest exhibition for sheet metal processing, covering the entire supply chain in 15 different technology sectors

across 9 halls. Reflected in this year's motto for EuroBLECH, 'The Power of Productivity', visitors can look forward to an impressive amount of live demonstrations and world premieres, giving opportunity to explore, assess and discuss the benefits and gains of specific technology solutions for their own production process.

Guided Visitor Tours **NEW**

For the first time, EuroBLECH offers carefully curated visitor tours.

The organised visitor experiences focus on productivity-enhancing technology and include ten-minute presentations at each stop, followed by a short Q&A session. Specific Topic Tours can be booked via the Ticket Shop online.

Careers Day

Inspiring the Future – supporting the next sheet metal generation.

On Friday 25 October 2024, EuroBLECH offers students the opportunity to visit EuroBLECH free of charge and connect to the industry (valid student ID necessary).

Speaker Forum

Don't miss the opportunity to discover what's new in the sheet metal working industry: Head to halls 26 & 27 and discover the EuroBLECH Speaker Forum!

Forum I covers key topics, such as Automation, Robotics, Cobots and Innovations for increased productivity, whilst presentations in Forum II focus more on Digitalisation and New Technologies. Sessions run on all four show days and offer exciting insights into the latest projects and product developments, as well as valuable networking opportunities and meaningful exchanges amongst peers. The speaker agenda will be published closer to the show.

EuroBLECH Award

The prestigious EuroBLECH Award is making a comeback at EuroBLECH 2024.

Recognition will be given for the most innovative products, solutions and digitalisation concepts in six categories: Stamping and forming technology, Cutting technology, Joining technology, Surface technology, Automation and Handling, and Sustainability. The winners will be selected via online voting, starting in autumn 2024, and the awards will be presented at the exhibition. More details will be published in the run-up to the show.

Plan your visit

EXHIBITOR SEARCH

The EuroBLECH Exhibitor List tool helps you to effectively prepare your visit by finding the exhibitors and products most relevant to you.
